education Rochester Institute of Technology | May 2018
Industrial Design BFA | Packaging Science Minor
GPA: 3.75, Deans List

experience

RUX Studios
Design Intern
Oct 2018 - Dec 2018
Assisted in the development of new product lines and features for their in-house lighting brand, Stickbulb, through CAD, physical mockups, supplier outreach and installation research experiments.

WestRock Packaging
Design Assistant
June 2017 - Aug 2017
Helped develop point of purchase displays for Covergirl products by cutting and assembling mock prototype parts. Created Packaging Instructions and designed shipping supports.

Opentrons
Productions Intern
June 2016 - Aug 2016
Worked with the production team to streamline the production process to five robots a week. Designed 3D printed parts and accessories to improve the Bio-Tech Robot's durability.

leadership

Thought At Work 2017
Co-Coordinator
Nov 2016 - Oct 2017
Managed an outreach team to contact and recruit 20 design professionals to deliver inspiration talks. Organized speaker information, conference schedule and each speaker's itinerary.

RIT
Peer Advisor
Fall 2017, Fall 2016
Administered several lessons and discussions about campus resources and student life for first-year students. Collaborated with the class instructor to plan lessons and engaging activities.

YMCA SYSTEM Program
Co-coordinator
June 2015 - Aug 2015
Facilitated workshops and coordinated company visits between the YMCA and sponsors. Mentored high school participants in environmental education and practices for their final projects.
